

Energy performance certificate (EPC)

11, Newlands Crescent Ruishton TAUNTON TA3 5LA	Energy rating E	Valid until: 8 November 2025
		Certificate number: 0118-6984-7289-4705-4934

Property type	Detached house
Total floor area	99 square metres

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is E. It has the potential to be C.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D
the average energy score is 60

Score	Energy rating	Current	Potential
92+	A		
81-91	B		
69-80	C		77 C
55-68	D		
39-54	E	48 E	
21-38	F		
1-20	G		

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, filled cavity	Good
Wall	Cavity wall, as built, insulated (assumed)	Good
Roof	Pitched, 100 mm loft insulation	Average
Roof	Flat, insulated (assumed)	Average
Window	Fully double glazed	Average
Main heating	Boiler and radiators, anthracite	Average
Main heating control	Programmer, no room thermostat	Very poor
Hot water	From main system	Poor
Lighting	Low energy lighting in 42% of fixed outlets	Average
Floor	Suspended, no insulation (assumed)	N/A
Secondary heating	Room heaters, electric	N/A

Primary energy use

The primary energy use for this property per year is 298 kilowatt hours per square metre (kWh/m²).

How this affects your energy bills

An average household would need to spend **£1,279 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £508 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2015** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 10,655 kWh per year for heating
- 5,851 kWh per year for hot water

Impact on the environment

This property's environmental impact rating is G. It has the potential to be A.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO₂) they produce each year.

Carbon emissions

An average household produces **6 tonnes of CO₂**

This property produces **10.0 tonnes of CO₂**

This property's potential production **0.0 tonnes of CO₂**

You could improve this property's CO₂ emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Steps you could take to save energy

Step	Typical installation cost	Typical yearly saving
1. Increase loft insulation to 270 mm	£100 - £350	£39
2. Floor insulation (suspended floor)	£800 - £1,200	£111
3. Insulate hot water cylinder with 80 mm jacket	£15 - £30	£104
4. Low energy lighting	£35	£31
5. Heating controls (room thermostat and TRVs)	£350 - £450	£106
6. Biomass boiler	£7,000 - £13,000	£62
7. Solar water heating	£4,000 - £6,000	£53
8. Solar photovoltaic panels	£5,000 - £8,000	£303

Advice on making energy saving improvements

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Dominic Rogers
Telephone	07810343492
Email	domrogers12@hotmail.co.uk

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/010743
Telephone	01455 883 250
Email	enquiries@elmhurstenergy.co.uk

About this assessment

Assessor's declaration	No related party
Date of assessment	9 November 2015
Date of certificate	9 November 2015
Type of assessment	RdSAP
